AFTER-SCHOOL PROGRAMMES THAT SPARK IMAGINATIVE LEARNING

Mad Science is the world's leading fun science provider of after-school programmes that combine education and entertainment in a unique way!

Our Mad Scientist will take the children on a journey into the exciting world of science with cool demonstrations and activities. They won't just watch but will get hands-on in every session with our best selection of wacky, gooey and awe-inspiring experiments!

Our hands-on, one-hour science programmes are themed around a particular area of science and a different topic each week.

Our programmes are diverse and all encompassing and children will also get a Mad Science Take Home card or item each week, so the fun and learning can continue at home!
