

Oaklands Junior School

Headteacher:
Miss S Charnley

5th November 2013

Dear Parents/Carers,

As part of the PSHE (personal, social and health education) program at Oaklands, we have invited Life Education to visit the school next week, from the 11th to the 14th of November. Life Education is the UK's largest children's health education charity, providing high quality and age appropriate sessions which educate children on topics such as: how the body works, the importance of healthy diet and exercise, safe use of medicines, the risks of tobacco, alcohol and non-prescription drugs and emotional wellbeing (including bullying). Their aim is to enable children to make informed, healthy choices. Emphasis is placed on teaching in a fun and interactive manner using music, sound and light effects as well as interactive technology and Life Education's life-sized illuminated model of the human body. Sessions will take place in their mobile classroom which will be on the school playground.

The sessions have been popular and effective across the country and we are sure that your child will have a memorable time while learning about the importance of making healthy choices. If you would like to know more about what the sessions involve for each year group there will be a parent session before school on Monday 11th November. This will be in the mobile classroom on the junior school playground.

We have received some funding towards the visit but would ask for a small contribution of £3.00 per child to cover the additional cost of the sessions. There is no charge for the parental session.

Yours sincerely,

A handwritten signature in black ink that reads 'S.M. Charnley'.

Miss. S. Charnley
Headteacher

Life Education Bus

Child's Name: _____ Class: _____

I enclose a voluntary contribution of £3.00.

I will/will not be attending the parent session.
