THINKING MAPS – an Evening for Parents
7pm-8pm Tuesday 6th May

Dear Parents/Carers,

As part of our development as a Thinking School, we have now introduced Thinking Maps as our second tool and we would like to share with you how your children have been using these in school, as well as how you can support your children in their use at home. Our ultimate aim is to equip our children with a range of tools that they will be able to use independently to help them become more confident in their thinking, not only in school and at home but also in life beyond Oaklands Junior School.

Alison Penstone, our trainer for Thinking Maps has done a brilliant job in inspiring staff and children in how these can be used across the curriculum. It is wonderful to see how these are now commonplace in a range of lessons, as well as in class assemblies, with children really inspired to learn.

Please do join us for what is going to be an exciting, informative evening, with the opportunity for you to experience how Thinking Maps can be used.

We look forward to sharing this evening with you and would ask that you let us know that you will be there, by returning the tear off slip below.

Yours faithfully,

Mrs. H. West
Headteacher
