22nd September 2022

Dear Parents/Carers

Oaklands Infant and Junior Schools – Executive Headteacher

Following on from our letter earlier this term, we extend our thanks to the parents that responded and are grateful for their insight. The Trustees have now approved the recommendation to move ahead with appointing an Executive Headteacher. This will allow the Infant and Junior Schools to build on their already close relationship supporting the pupils' journey through the primary phase.

An advert will be available on the Trust website and also on each of our schools' websites by 30th September 2022 with the intention to make an appointment for a January 2023 start. The process of appointing an Executive Headteacher will include pupils, staff, governors and Trustees. The incoming Executive Headteacher will have a fantastic set of pupils and staff to work with, along with supportive families; we are fortunate to have two lovely schools.

Please be advised that we are considering holding an additional INSET day on Wednesday 4th January 2023 to give our colleagues from both schools an opportunity to come together to collaborate and initiate plans for this exciting next step. As soon as an appointment is made, we will write to all parents to confirm this along with the arrangements regarding the INSET.

Yours faithfully

Mr R. Elsey

CEO

Mr S. Matthews

Director of Education
