Friday 19th January 2024

Dear Parents/Carers,

To celebrate the NSPCC's Number Day, on Friday 2nd February, from 2pm – 3pm, we would like to invite in DUGs (Dads, Uncles, Grandads or any male relative/family friend) from our school community for a 'Maths Puzzles and investigations' afternoon.

Later on in the year we will be running a similar event for MAGs (Mums, Aunts, Grandmas and any female relative/family friend).

During the afternoon, the teaching staff are going to be organising a range of activities that are all maths related to show how maths can be 'taught' through a range of different fun activities.

On the day, as they are also going to do in the Infants, children are encouraged to come to school dressed up as something related to a number / maths and bring in a minimum donation of £1. The money raised will go directly to the NSPCC, once it has been counted by some budding young mathematicians!

Some dressing up ideas include:

- Dress up as a digit: wear a onesie to represent 1, a tutu to represent 2, or a three-piece suit to represent 3.
- Dress up as a dice / playing card / clock or another object with a number on it.
- Dress up as someone who uses maths in their career
- Wear something with a number on it, for example a sports kit
- Decorate an old t-shirt with numbers or representations of numbers

We would be grateful if you could please complete the form below to indicate if you / someone you know will be coming to our inaugural DUGs' afternoon.

Kind regards,

Mr Lee
Maths Subject Lead
