

Scientists needed!

When: 11th- 15th March 2024

Why? To show children the range of jobs that involves science

Does your job involve science?

Do you want to share and inspire the next generation?

Who? Anyone who does a job that has an element of science in it!

There are a great variety of jobs that involve science and we want to show our children at Oaklands Junior School the variety of jobs that there are!

eg. Electricians, technicians, bakers (changing materials), manufacturers, doctors, dentists, geologists, researchers, teachers, gardeners, park rangers, nurses, physiotherapists, mechanics, working with animals, psychologists, computer science.... and the list can go on and on.....

Please complete the form below if you can join us!

Name: _____ **Child's Class:** _____

Job: _____

Please circle any of the following you would be happy to do:

Talk to my child's class telling them about my job

Work with a small group- Q&A

Bring in some examples of my work to show the children what I do.

Present over Teams

All slips to be handed to your child's class teacher for Mrs Jones
